Hash No.: 111 – Horrabridge – Joint with Plympton H3

Hares: She's Ready, Come2nite, Smoking Dick

Hashers: Numerous! 12 Loonies!

Oh to be a lunatic!!

As we had no Hare of our own we were invited to join Plympton Hash at Magpie Bridge, north of Plymouth. The weather was perfect – no rain – but the streams and hills were another thing! The trail was along, up, down, through streams, over fallen trees, hill tops and more. I only managed to slip over three times and brought back samples of mud! Bengi dog, as ever, loved it! There were 9 Lunatics on the Hash and most also sampled the mud!

The Lunatics were Buzby, Night Screecher, Hairy Mollusc, Lizbien, Woggle, Scouting for Boys, That's Crap, GHR and yours truly.

Our thanks go to the Hares Come to Night, Smoking Dick and She's Ready. Great trail.

We then retired to the pub and Buzby, Night Screecher and yours truly were privileged to be provided with liquid refreshment after they all sang to us! Went down a dream!
