Arriving at the Venue at about 19:20hrs with very few hashers in the car park, it looked as if everyone had got better things to do. However by 19:30hrs more Lunatics had arrived.

Hairy Mollusc, GM for the evening called for the hashers to circle up, as always no one took any notice so he tried again and this time it worked.

Three **Hash Virgins** and one **Lunatic Virgin** were invited into the circle to introduce themselves, obviously it didn't work because I cannot remember their names. [**Triple Top**; "**Paul**"; "**Cath**"; "**Becks**"]

The Circle was handed over to the hares who gave the usual bull of 3 and 5 miles; all flat; etc. etc. so off we went. What happened on the Longs and Shorts run I have no idea as I did the walkers trail.

Buzby, **Screech**, **Baby Doll**, **Yeuck**, **Lizbien** and myself (**Hairy Mollusc**) and the two female virgins (Sorry still can't remember their names) [**Cath** and **Becks**] set off on the Walkers trail, which was very similar to the shorts, with **GHR** marking the walkers trail as he went. Near the end of the trail **Yeuck** was heard to say "*Oh Look I've found a' W', walkers arrow! I know where we are going!*" she shouted! She started to follow the arrow until **Hairy Mollusc** called her back and told her if she had followed it she would end up doing the whole trail again! He then very gentlemanly showed her the way back to the car park.

Courtesy of **GHR** we had some Cider for Down Downs in the Car Park, awarded to:

- The Hare's **GHR** and **She's Ready**
- The four Virgins [**Triple Top**; "**Paul**"; "**Cath**"; "**Becks**"]
- **She's Ready** again for trying to direct **That's Crap** to Plymbridge instead of Cann Woods
- **GHR** for getting spooked laying the trail and pushing **She's Ready** in front only to find out it was a pigeon
- **Baby Doll** for inviting her 3 friends for a lovely moonlight walk. Then once in the car on the way, she told them there might be a few other people joining them! Then later again saying you might have to introduce yourselves inside a circle! Then a bit later she told them they may have to down a drink while other people are singing to you a song!
