

# The Luna Words

Hashers who run by the light of the silvery FULL Moon!!

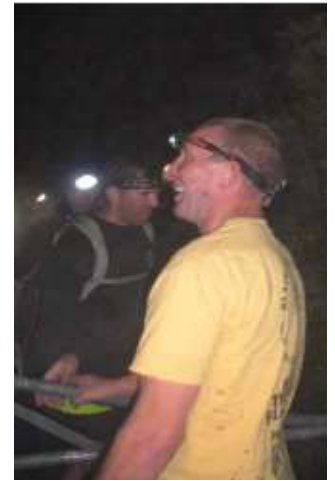

Luna Date: 23<sup>rd</sup> Oct 2010

Trail No. 1

Issue No. 1

Well the day arrived the first **Lunatics** run! Those involved who had done masses of work setting up Run1 had no idea how many would turn up!

**Run1** at Chudleigh, On Down The Bishop Lacy, had 64 plus 2 virgins and represented 9 Devon Hashes. Many thanks for all the support. So who have got the new hash of the ground? The hash has 3 GM's for East, West and Central Devon (No north yet!). They are **Painted Pussy (PP)** (below left in fetching lime green) the East from ISCA. **Enter the Dragon** (below left in yellow) West from Plympton and **Wide Receiver** (Below WR) Central from ISCA.

The others involved are **Sweet Pee**.... .key position as Hare Raiser. **PP** is also Hash Haberdasher and doing the fan-tastic run tops and hoodies! (**Number 2** models a hoody above, while being disciplined by **Manpig**). We also have peripatetic RA's (no I did not mean to write paralytic!) These are **That's Crap** from Plympton (up right in the custard top), **Manpig** from TVH3, and **FF** from ISCA. We should also include **Busby** from SODALL because it's impossible to keep him out of any large circle! In the background are **Shorty**, Ashburton / Haldon as 'Tail Ender' and myself, **Larks Vomit**, as 'Dogsbody' and hash pervert (Flash). Anyone who wants to get involved please do... .. this is just a start! You will be welcomed aboard.

The idea came as a result of the great success of the Devon A2B. Started 3 years ago (**Cathusalem**, **PP**, **FF**, **Odd-Bitz** deserve many thanks!) This Monthly hash is a great day with usually 8 or 9 Devon hashes attending. Devon is the strongest hash county, so how could we not have a full moon hash.

## Circle up

What a buzz! Any hash circle with 60 plus loonies would be great but the weather was kind and riding on the back of the Devon A2B it was fantastic to see so many hashes and so many familiar faces.

**PP**, **Dragon** and **Wide Receiver** welcomed the pack. Photos were taken and videos, thanks to **Bluebird** from TVH3. The moon was out everyone was up for it! **PP** introduced the new Lunatics trail drill, No "On On" we will "Howl Howl" at checks and marks. I believe Haldon who ran the same Trail two nights after kept that going.

The Hare's briefing was short, trail in flour, on the right, short and long three splits, mix of road, woods, fields, flat, dry, wet etc. sweetie stop with doggie chews... **Why no** take note they were not for you!

### **The Trail**

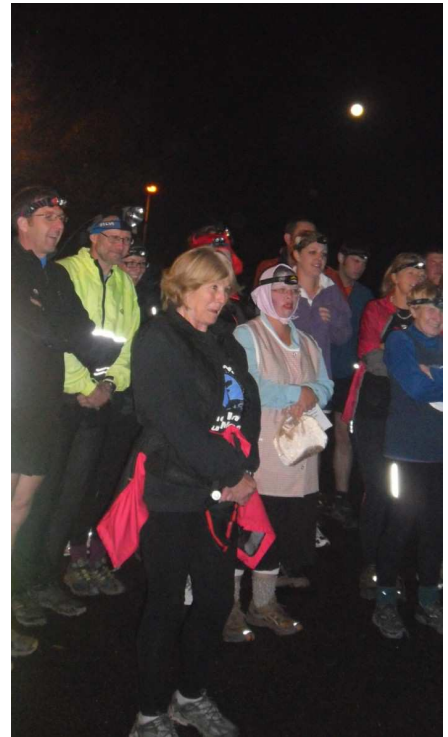

Started with a long short split. We now have all abilities from walking wounded to people who do the "Grizzly" for fun. So, Lunatic trails will cater for all! The runners ran; there were two early shorts and a very short short.

Runners ran a long loop through fields, hill and dale and joined up nearly where they had started since the shorts were on an inner loop. In trail laying it's called the "clover" pattern. See **Busby's** "Hare ye well- guide to trail laying!"

So, on through the edge of the town then tracks, shiggy and gates. One of which still has **That's Crap's** tackle is still attached! Did you ever meet the American harriette - "**Splatter Pussy?**"

On up a steep track to the top of the rocks for a sweet stop, regroup and doggy chew session. Then on across down through the woods and on home for the real business of the evening!

(Picture right: **Shorty**, **Gurnie**, **English Muffin**, **Arfanar** and others!)

### **The Circle**

The circle was a bit of a blur to me. I got drowned 4/5 times laying the trail and was knackered doing it again. Key point though is "We do have a circle"... ..My recollection was of great fun and not too long. It helps if you have good RA's who never let the truth get in the way of an obscene story. Below left a "virgin" gets a down down from **FF**, Below right. **She's Ready** gets a down down from **That's Crap**... ..he slept with her the night before!

**Sir Limpalot** from Ashburton was declared '**Lunatic**' of the night. He had cycled down from Bristol a day or so before specifically for this trail. He was then cycling back. Not much change out of 200 miles round trip!!! Dedicated or a Lunatic!?!? You decide!!

We will always need Hares, so please, contact Sweet Pee, giving her the date and venue. Full Moon dates will appear on the Lunatics website and on the Lunatics Facebook Group as well.
