

The Luna Words

Hashers who run by the light of the silvery FULL Moon!!

Luna Date: 19th Jan 2011

Trail No. 4

Issue No. 4

Trail and On-Down: Woodbury Castle Car Park
Hares: Strongbow and Imelda
On Down: White Hart, Woodbury

'Twas a broad bright, moonlit night
and many hashers gathered admiring the sight

Brought together by our GM, Dragon from Plympton
Virgins/visitors introduced, instructions given, then it was on or

There was Twiggy, Dragon, Fu and me
Followed by Lizbien, as we WALKED through the trees

By the time we found the trail onto the common
All the others had disappeared and were long gone.

Over tracks and paths, then through a bog
We saw torches ahead and heard the bark of a dog

The promised sweetie stop loomed up ahead
Where Strongbow was waiting, but then he said

"The sweets have all gone I have to report
but as that's the case, I'll send you back short"

Downhearted and starving, we went on our way
Past marines on manoeuvres – that made our day!

We then bumped into Bigfoot, the only hasher we saw,
And it was back to the car park for down downs galore

Imelda and Strongbow for laying the hash
Cinders and Woodlend for making a splash
Tanya named Gumdrop for dropping the sweets
Slippery for photos and watery feats

Any I've missed, apologies are sent yer
But that's all down to my senile dementia!

Thanks to Strongbow and Imelda for laying the trail
And to the pub for the food and the ale.

Lunatic of the Month – IMELDA for running out of flour whilst laying the trail, having the car keys which meant that co-hare Strongbow could not get flour to him, which meant he was absent at the start, which left Strongbow to brief the pack and set them off. On top of this, Strongbow had to wait for Imelda by the car as the sweets were also in the car. Strongbow then had to go as fast as he could to get to the sweetie stop in time, which he did – just!
